

ORRITOR PRIMARY SCHOOL AND NURSERY UNIT

**Transition Policy for Children with Special
Educational Needs
February 2022**

Abstract

This Policy was designed to outline the school's procedures in relation to intimate care of pupils.
It was devised in line with relevant documentation and stakeholder consultation.

Principal: Mr Andrew Frizzell
Afrizzell135@c2ken.net

Rationale

At Orritor Primary School and Nursery Unit, we aim to help all of our pupils to reach their full potential, in all areas of school life.

It is recognised by Orritor Primary School and Nursery Unit that although transitions are a regular process rather than a single event in school life and can be exciting for some pupils with special educational needs (SEN); others will find the experience of moving between the various phases more challenging and will require extra support to enable them to make progress within their education.

This transition policy will outline the roles and responsibilities involved in ensuring a whole school approach, which is designed to support pupils with SEN in adapting to their new learning environment, so that they can show progress in all aspects of their learning.

Definition

For the purpose of this policy, transition will be defined as the “means by which children experience a smooth passage from one setting or stage to another” (Department of Education, 2015).

Policy Aims

This transition policy aims to outline the high quality teaching, learning and assessment strategies, identified through whole school planning and advice received from external agencies, where appropriate, to support the unique challenges that may be faced when trying to meet the individual needs of pupils with SEN at the following phases:

- Pre-school to Primary One;
- year group to year group;
- primary to post primary; and
- newly-enrolled pupils with SEN throughout the school year.

A successful experience of transition at each of these distinct stages will help children with SEN to settle well into the routines and organisation of school life at Orritor Primary School and Nursery Unit. The pace and quality of the teaching delivered will ensure that children continue to build upon their prior knowledge and experience so that they can make progress in all aspects of learning and reach their potential.

Equal Opportunities and Inclusion

At Orritor Primary School and Nursery Unit, the views of the pupil with SEN, their parents and staff are actively sought, acknowledged and valued.

By involving pupils and taking into account the individual needs of the pupil from their perspective, as well as information obtained from parents, school staff and other agencies, a well-planned and co-designed transition process will help to outline what is expected of them ahead of transition to the next chapter in their learning. This will provide an opportunity to help the pupil to develop independence and confidence in their ability to manage change, within a supportive environment.

Staff at Orritor Primary School and Nursery Unit are committed to listening to and working in partnership with parents, to support them in preparing their child with SEN for either beginning or

leaving school, as well as the movement into the next year group. This will facilitate better home-school communication links so that the parents can feel confident about expressing their views and knowing who to speak to if they have any concerns about their child.

Since transition is a process that may pose additional challenges and barriers for pupils with SEN, teachers at Orritor Primary School and Nursery Unit use their professional judgement, skills and expertise in assessing, planning for and using a range of strategies and activities in the best interests of the child. Information, including medical or social service reports, is shared with staff, in a sensitive manner and in the strictest of confidence. Transfer of information will be in line with the school's Data Protection Policy.

Additional adult assistants are also included in the development of the transition processes and policy as they play a valuable role in supporting the individual needs of pupils with SEN.

Transition Activities

Staff at Orritor Primary School and Nursery Unit, in conjunction with pupils, parents and other professionals where appropriate, have identified the following activities as the best practice that they can offer to support the transition for pupils with SEN at each of the key phases of transition which are outlined below:

Pre-school to Primary One

Lead responsibility – Mr Frizzell, Mrs Currie and Miss Thompson

This phase of transition is important in creating a positive experience for children with SEN who are starting their primary education at our school.

Parents are encouraged to talk to their child about their feelings regarding school in a constructive manner. They are also advised to ensure that their child is well rested each night, setting good routines for getting ready for school in the morning and making sure that they have everything they need for school, so that they leave the home feeling calm and relaxed each morning.

The following activities put the child with SEN at the centre of assessing and planning to meet their individual needs:

- Primary One teacher to make contact with the pre-school setting to meet children and discuss individual pupils.
- Shared play experiences in Summer term between Nursery and Primary 1 pupils and teachers.
- Pre-school pupils visit Primary setting for induction sessions.
- Pre-school pupils visit Primary for open day sessions.
- Parents attend Primary One induction talk in June which may be facilitated by the Principal, Primary One teacher and SENCo.
- The Pre-School Transition Record, if applicable, is shared with the Primary School.
- Pupil Learning Journal, where used Pre-School settings, are shared with the Primary School.
- SENCo and Primary One teacher review transition material and follow up on any concerns regarding SEN.

- With consent and in line with our Data Protection policy, services who are already involved with pupils who are enrolled for September will be contacted for information on level of needs.
- Completion of Environmental and Risk Assessments of the school pertinent to individual pupil needs.
- Consideration of staff capacity building and training needs to support SEN pupils.
- A phased approach to settling pupils in September, e.g. shorter school day for first few days.
- Parents are provided with copies of policies, appropriate to SEN and also the school prospectus.

Year group to year group

Lead responsibility – Mr Frizzell

Transitioning to the next class group in September can be a time of anxiety and worry for many pupils with SEN as they need to get used to new routines, change in staff and the increasing level of difficulty in the work provided.

The following activities aim to build upon the knowledge of the pupil and consolidate their attainments, to ensure that they enjoy continued success in their learning:

- A meeting is held between the pupil's current teacher and the teacher for the following year to discuss support strategies and provision.
- The child's current class teacher shares "what works" with a child with their next class teacher.
- The current class teacher alerts the next class teacher about potential areas/situations that are concerning for individual pupils e.g. peer relations, classroom layout, seating arrangements, issues with completing tasks, following instructions, lining up, etc.
- Individual Education Plans, tracking and assessment data about the pupil's needs and progress are shared; this helps to inform the next teacher when planning for, and setting targets for the following year.
- Pupils visit new class for a short session in June.
- Parents are informed about the changes to the daily routine and are encouraged to speak to the new teacher to highlight any concerns that they may have.
- Parent-teacher meetings are held during the first school-term, so that parents can meet the new teacher and discuss the targets for their child's individual education plan as well as an outline of work which will be covered during the school year.
- SENCO meets with class teachers to discuss pupils transitioning who are included on the SEN register.

Newly enrolled SEN pupils throughout the school year

Lead responsibility – Mr Frizzell and Mrs Bell

Orritor Primary School and Nursery Unit offers a warm welcome to pupils with SEN and their parents who choose to join our school throughout the year.

The following activities aim to provide a supportive environment so that the pupil feels included and happy about coming to school and parents will feel confident in the knowledge that their child will be encouraged to reach their potential:

- An initial meeting is held between the principal, SENCo and parents of child to be enrolled.
- Individual tours of the school are offered to incoming parents and children.
- Parents are provided with a copy of the school prospectus.
- Pupils are given time to settle into their new routines. They will be observed and assessed as necessary by the class teacher or SENCo.
- Parental permission to access pupil records from previous school is sought.
- SIMS data passed on from previous school (CTF file).
- Consent is sought to follow-up with any services currently involved with the child or to make an onward referral for advice and support. Parents will be made aware of the purpose and expected outcome of each request.

Primary to Post Primary

Lead responsibility – Mr Frizzell and Mrs Black

At Orritor Primary School and Nursery Unit, we recognise that some of our pupils with SEN will face additional challenges during the transition phase from primary to post primary. We have established close links with the range of post primary schools that our pupils transfer to once they finish their primary education at our school.

The following activities aim to guide the pupils with SEN through the process as effectively and efficiently as possible so that any concerns can be addressed in a timely manner:

- Parents are encouraged to attend open evenings at post primary schools with their child which will be held at various times throughout the year.
- Applications for post primary placements for most pupils including those with SEN (Stages 1-2 of the Code of Practice) are submitted by February of the P7 year.
- For pupils who are subject to a statement of SEN (Stage 3), the Educational Psychology Service will review the child's needs in consultation with the parent and school and provide a transfer review report. Where a fuller assessment is required, the educational psychologist will arrange to do this.
- During October and November, the Annual Review of the child's statement is arranged by the school on behalf of the EA. It will include input from EPS following an earlier consultation with school and parent. The Transfer Review Consultation form (Appendix 5 of the Annual Review form) is completed. Paperwork from the Annual Review is submitted to the EA by the beginning of December.
- In the event that the outcome of the Annual Review process carried out by the school recommends ceasing the statement, the decision to do so is made by the EA. In this case, a school passport may be completed by the school to pass on to the post primary school. This will highlight the pupil's strengths as well as any successful strategies that have been identified to meet their needs.
- Parents and children are typically notified about their allocated placement in May of the P7 year by EA Special Education: Statutory Operations division.
- Parental consent is sought to transfer information about their child's SEN to the post primary school that their child will be attending in September. The information that will be

sent includes: Key Stage 2 attainment levels; information on pastoral care needs; and records of safeguarding concerns.

- A teacher from each of the post primary schools will make contact with the school to talk with the Principal and Primary 7 teacher, to gain an understanding of the needs of each pupil with SEN who is transferring to their school.
- Some pupils with SEN may be invited to attend specialist workshops hosted by EA Pupil Support Services.
- Pupils may be invited to the post primary school so that they get the opportunity to familiarise themselves with the school setting and meet their new teachers. Parents are also invited to attend on the day and will be addressed separately by the principal and other key members of staff. An opportunity will be provided to raise any concerns and issues.
- A Leavers' Celebration will be held in June for all P7 pupils to celebrate the completion of their primary education with parents and staff.

Link with other policies

This transition policy links with the following school policies:

- Accessibility
- Admissions
- Assessment
- Child Protection
- Data Protection
- Pastoral Care
- Special Educational Needs
- Teaching and Learning

Monitoring and review

At Orritor Primary School and Nursery Unit, members of the teaching staff have been allocated key responsibilities for each phase of transition. They will collaborate with Mrs Bell, the school's Special Educational Needs Co-ordinator and additional adult assistants, to ensure that the processes are supportive and enable transition for pupils with SEN to be as smooth as possible.

The transition policy will be monitored and reviewed on an annual basis, or sooner if required by the senior leadership team, to ensure that it reflects examples of best practice in meeting the needs of the pupils with SEN.

Where reasonably possible, the views of the pupil with SEN and parents as well as school staff will be sought to highlight areas that are working well together with those which may need strengthened.

This policy is available on the school's website. A hard copy or one in an alternative format can be made available upon request by contacting Mrs Dallas, the school secretary. The contact details are as follows:

- Phone number: 028 86 751412
- Email address: info@orritorps.ni.sch.uk

Useful Publications/Resources

Orritor Primary School and Nursery Unit found that the following publications/resources were useful in the development of this transition policy:
